

Session Title:	Right Queer, Right Now
Speaker(s):	Kirsty McLaren
Chair:	James
Reporter:	Raechelle Jackson

Speaker/Institution Bio/Information:	Kirsty McLaren Senior Widening Participating Officer King's College London
Overview/Aim of session:	Recognising LGBTQ+ students as WP target groups and interventions to support them. This session is split into two sections: (1) an overview of what issues are faced by LGBTQ+ students in school and university. (2) an introduction to the Pride Power Programme pilot years, and how universities can develop their own schemes.
Workshop Content	<p>What are the issues? Pre-University: Queer students likely to be estranged (22%). More likely to skip school/achieve poor grades/truancy University: Less likely to go. More likely to experience discrimination and harassment. Higher drop out. Less likely to achieve top results Bullying/harrassment. Lack of belonging. Poor mental health 25% of all homeless youths are queer Office for Students are starting to recognise this Queer people more likely to come from low income families - overlapping characteristics LGBT action plan by the Gov</p> <p>Bullying/Harrassment 64% LGBT ; bullied for being LGBT 9% trans students received death threats 59% of schools didn't condemn transphobic bullying 25% queerphobic harassment for staff and/or students</p> <p>Lack of Belonging</p>

	<p>47% of non binary students dropping out (12% average)</p> <p>Wellbeing/Mental health 45% of LGBTQ youth considered attempting suicide (drops when living in a supportive community) 60% of LGBTQ+ with poor mental health didn't get the support they asked for</p>
<p>Case Studies/Examples:</p>	<p>Pride Power Program</p> <p>Community of students to help through their journey Helping build confidence and boundary-setting "The horrors persist but so do I"</p> <p>92% not "out" to anyone 53% of these came from queerphobic households 2 day programme including role models, designing a society, reflections, journey mapping, queery in my career</p> <p>How did it help?</p> <ul style="list-style-type: none"> - For LGBT students to create a community of events - Who are we inviting? What sessions? What campaigns? <p>Community Organising techniques</p> <p>Queer in my career</p> <ul style="list-style-type: none"> - Queer alumni to talk about their career journeys - Carousel using the design and physical space <p>Tips</p> <ul style="list-style-type: none"> - Safe space - What issues are they having? - Be your authentic self - Represent the students via role models (e.g religion, identity) - Availability for online resources for those that can't take home physical resources
<p>Scenarios/Roundtable discussions:</p>	<p>Empathy Task: Privilege for Sale</p> <p>You have £100 to spend on a privilege per person - what is most important to you? What have you had to sacrifice? What were you struck by?</p> <p>Attendees said some things feel like little things but actually they are on a wider spectrum of things that "should be" normalised</p> <p>They also discussed contextual privilege - holding hands</p>

	<p>in public has a spectrum where someone might be stared at whilst others might be attacked for doing so</p>
<p>Questions and Answers:</p>	<p>Q by Kirsty: How do you divide your residential flats for students visiting on residential etc? Encouraged a discussion around queer children and gender identity; how are the students visiting being protected by these allocations? Can you work with teachers to allocate more comfortably?</p>
<p>SummaryKey takeaways:</p>	<p>Recognising and understanding privilege amongst communities</p> <p>Understanding how discrimination and harassment against LGBT+ communities can lead to students being less likely to attend, a feeling of lack of belonging and poor mental health</p> <p>Community organising techniques and societies can help these individuals to feel a stronger sense of belonging with positive outcomes</p> <p>Role models that reflect these communities can help to make individuals feel empowered and an even further sense of belonging</p>
